Our annual retreat will be held at Oregon Institute of Marine Biology (OIMB), Charleston on the Oregon Coast, **SEPTEMBER 17th and 18th**. It's about a 2-1/2 hour drive from Eugene. Please see map and directions link on the website.

Lodging will be at OIMB. When you arrive, someone from ION will have your keys. The retreat begins with lunch in the Cafeteria.

**PLEASE BRING YOUR OWN BEDDING AND TOWEL(s). None will be provided.**

Meals will be served in the OIMB cafeteria. Food will be freshly served. OIMB does not have a method by which to serve food for an extended period of time, therefore **arriving promptly at meal time is recommended**. Those with dietary concerns will be accommodated.

Remember to have your **lab limericks** ready to present during lab introductions.

If you need a ride, or can share your car, please go to the “ride share” link on this website. It is up to the riders and drivers to contact each other.

*Mike Wehr* is our gracious host this year.
